Axiom (declared input; reduces to the anchor = 1 fixed point)

(conditional; sharpened)

vertical; overwall (section); disperseded)

conjecture) # Open (full measure)

came from new physics)

(superseded)

acknowledged)

united; positive link)

committed (homomorphism)

+ anchor identification k=c3/2)

isomorphism

isomorphism

fulfilled; point in order)

new charges; embedded by other dimensions)

fulfilled; identity [I]
